NOTICE (Updated 9-14-16)

Roadwork/Chip Sealing

The Town of Mansfield DPW - Highway Division has scheduled Rubber Chip Sealing to be done on the following roads;

Gordon Ct, Hall St, Ingrid Dr, Jacob Dr, Old Elm St, Plantingfield Rd, Robinson Ct, Trowbridge Ln, Westview Dr, Cowan Ln, Whitetail Ln, and Chambers Ct

This work is scheduled to begin on Friday July 15th, 2016 12:00PM-5:00PM and will continue on Monday 7:00AM-5:00PM, this is weather permitting. The work will take approximately 2 days to complete. If any delays occur we will be continuing work on Tuesday July 19, 2016. At this time we do not expect any road closures, but expect to see delays in traffic of around 20 minutes, you should plan accordingly. During the work hours cars will not be allowed to park in the roadway

Please make sure no cars are left in the roadway between the hours of 6:30am and 5:00pm, as this work cannot be done in sections. Please make sure your irrigation system does not spray into roadway as this will cause the chip seal to fail prematurely.

Some light dust and loose stone should be expected following this work. The loose stone will be swept up after 2 weeks of being placed.

Please be aware that the construction schedule is subject to change depending on weather conditions. Questions and comments should be directed to the DPW Office at 508-261-7335 or mcook@mansfieldma.com. Please refer to www.mansfieldma.com for updates.
