****IMPORTANT NOTICE****

TEMPORARY WATER SHUT OFF

Date: Thursday, June 10, 2021

Time: 8:00am – 12:00pm

Location: Elm Street / Whitetail Lane

Subject: Water Main Service

The Town of Mansfield will temporarily SHUT OFF the public water system on Thursday, June 10, 2021 in order to repair a section of water main in front of #1160 Elm Street in Mansfield. You are receiving this notice because your property will be directly impacted by the shut off.

The work is scheduled to begin at 8:00 am this Thursday, June 10, 2021.

We anticipate water service will be off for approximately 4 hours to complete the connection. Water interruption will directly impact a total of 16 homes located Whitetail Lane, Otis, School St. and Elm Street. Customers are urged to please plan accordingly.

Water customers may or may not experience discolored water as a result of this activity. Should this occur, run the water until color clears. As a precaution to protect laundry, customers are urged to check clothing washers to make sure water color is clear before adding laundry. If you do have any questions or concerns about this project, please call Mansfield Water Division at 508-261-7376.

Thank you.
