# Roadwork Notice

## Old Colony Way

Dear Mansfield Resident:

We are reaching out to inform you that the DPW-Highway Division has scheduled roadwork on Old Colony Way, to be performed in several phases as indicated below. Please be aware that the dates given are approximate and subject to change based upon weather and individual contractor schedules:

**Phase 1** – Beginning on or about October 26, 2018: Right of Way preparation consisting of saw cutting pavement between the Town’s Right-of-Way and private property, grubbing of shoulders on the East side of the roadway from Samoset to Court Street. All vehicles must be removed from the East Side of Old Colony Way by 7:00am.

**Phase 2** - Beginning on or about October 29, 2018: Work will involve pulverizing the existing pavement on the roadway followed by grading and finally paving a new base course of pavement. During this work and up until the base paving is complete, the road will be gravel and dusty so please use caution leaving windows open and unattended. Base paving Old Colony way is estimated to take place on November 8, 2018. All vehicles should be removed from Old Colony way between the hours of 6:00am and 6:00pm.

**Phase 3** - Installation of new curbing and raised bike path will begin immediately following base paving.

**Parking** - As was discussed during the September 25, 2018 Public Meeting held at Town Hall, arrangements have been made with the Police Department to not issue tickets for vehicles that are registered to an address in the affected area and are parked within the “2 hour parking only” spaces. If you are issued a parking ticket, and the vehicle is registered to an address in the affected area, please contact the DPW Director at 508-261-7335. Please remember that vehicles will still need to be parked legally, i.e., do not block hydrants, or park where parking is prohibited.

**Final Paving, Landscaping and Dumpster Pads will be completed - Spring/Summer 2019.**

**Please be aware that upon final paving, the road will have a five (5) year “no dig” moratorium.**

We apologize for any inconvenience this may cause, however this work is necessary in order to maintain the goals of Mansfield’s pavement preservation plan. Please be aware that the construction schedule is subject to change depending on weather conditions. If anyone is considering adding or upgrading water, sewer or gas services, please schedule it immediately with the appropriate utility and also notify the DPW. If you have any questions or would like to review the plans, please contact the Highway Division at 508-261-7336 or [highwaydiv@mansfieldma.com](mailto:highwaydiv@mansfieldma.com). Please refer to [www.mansfieldma.com](http://www.mansfieldma.com) for updates.
