Paving Notice

Webb Place & Old Colony Way

11/14/2018

Dear Mansfield Resident:

Due to the incoming inclement weather, finish paving for Webb Place and base paving for Old Colony Way has now been scheduled for tomorrow Thursday, November 15, 2018. This paving was planned for last week but was postponed due to rain and paving contractor schedule conflicts.

Work crews will arrive onsite at Webb Place at approximately 6:00am and will begin the layout process for paving with paving beginning at 7:00am. Barring breakdowns or other delays, paving should be completed on both roads by 6:00pm. We anticipate work crews will move to Old Colony Way to begin paving around 9:00am, but it is impossible to predict given all the variables.

During the paving operation each road will be closed to traffic.

- **If you will need to leave your property in a vehicle please plan accordingly and expect delays.**
- **There will be no parking allowed on the roadway.**
- **Webb Place will not be accessible once paving has begun and will not be re-opened until pavement cools.**

When it is safe to travel on each road, Police Officers will open the road to traffic.

Paving will involve:

- 20+ large trucks and 5 pieces of equipment, consisting of the paver and 4 rollers. This equipment is very large and some pieces of equipment are very loud and dangerous for anyone not working with the crew to be around.
- Temperature of the asphalt that is used to pave roads can reach 325 degrees as it is being placed, and cools very slowly. Because of the high temperatures, touching it can cause severe burns to people and animals. For the above reasons, work areas are inherently dangerous for anyone especially kids to be in or around, we ask that you work with us to make the worksite safe by keeping kids and pets away from the area while work is being done.

Police Officers will be placed around the work site to help keep the area safe. If you have any questions about driving in or around the area, please make contact with an Officer before proceeding into or out of the area.

We apologize for any inconvenience this may cause, however this work is necessary in order to maintain the goals of Mansfield's pavement preservation plan. Please be aware that the construction schedule is subject to change depending on weather conditions. If you have any questions, please contact the Highway Division at 508-261-7336 or highwaydiv@mansfieldma.com. Please refer to <http://www.mansfieldma.com/town-government/departments/departments-of-public-works/highway-division/road-construction> for updates.
