

Town of Mansfield

6 Park Row, Mansfield, Massachusetts 02048

Notice Webb Place

Dear Mansfield resident:

We are reaching out to you to advise that the Town of Mansfield DPW-Highway Division has tentatively scheduled the repaving project for Webb Place to begin on or about May 22, 2018, weather permitting.

The project will be phased as follows:

Phase 1: On or about May 22, 2018 the existing pavement will be removed and the road base will be regraded.

Phase 2: On or about the last week of May, the binder course of pavement will be paved.

Phase 3: On or about the first week of June, we will install new granite curbing on the North side of the roadway.

Phase 4: Final paving will be scheduled for late summer/fall. This delay is so we can get all time sensitive work completed on all projects, and to then finish all pave work. The finished paved work for Webb Place will likely be partnered with the repaving of the Town Hall.

The Town utilizes multiple contractors, who specialize in this work, in order to control the quality of the work as well as cost. Because of this, our timeline is dependent on their schedules as well as the weather. Some delays are likely due to this and there may be periods of time where no work is in process.

Please be aware that upon final paving, the road will have a five (5) year “no dig” moratorium.

If you have any questions or concerns, please contact Lee Azinheira, DPW Director via email at lazinheira@mansfieldma.com or via telephone at 508-261-7462.
