March 7, 2020 - February 12, 2022**

Vaccine Distribution in Mansfield- data through February 8, 2022

■ Population ■ Individuals with booster doses ■ Fully vaccinated individual, no booster ■ Partially vaccinated individuals

All data obtained from [Massachusetts COVID-19 vaccination data and updates | Mass.gov](https://www.mass.gov/info-details/massachusetts-covid-19-vaccination-data-and-updates)

*The Centers for Disease Control and Prevention (CDC) now recommends that [Americans stay "up to date" with COVID-19 vaccines](#), rather than be "fully vaccinated." Up to date means a person has received all recommended COVID-19 vaccines, including any booster dose(s) when eligible. Fully vaccinated means a person has received their primary series of COVID-19 vaccines.

DON'T DELAY: TEST SOON AND TREAT EARLY | COVID-19 |

If you are at high risk of getting very sick from COVID-19, and test positive, treatment may be available.

POSITIVE

Get tested as soon as possible after your symptoms start.

Contact your healthcare provider right away if your result is positive.

Don't delay. Treatment must be started early to work.

[Don't Delay. Test Soon and Treat Early](#)

If you test positive for COVID-19 and have [one or more health conditions](#) that increase your risk of becoming very sick, treatment may be available.

Contact a health professional right away after a positive test to determine if you may be eligible, even if your symptoms are mild right now. Don't delay: Treatment must be started within the first few days to be effective.

Treatments used for COVID-19 should be prescribed by your healthcare provider. People have been [seriously harmed and even died](#) after taking products not approved for use to treat or prevent COVID-19, even products approved or prescribed for other uses. Talk to your healthcare provider about what option may be best for you.
