**New COVID-19 cases per week
March 7, 2020 - February 19, 2022**

Vaccine Distribution in Mansfield- data through February 22, 2022*

■ Population ■ Individuals with booster doses ■ Fully vaccinated individual, no booster ■ Partially vaccinated individuals

All data obtained from [Massachusetts COVID-19 vaccination data and updates | Mass.gov](https://www.mass.gov/info-details/massachusetts-covid-19-vaccination-data-and-updates)

*The Centers for Disease Control and Prevention (CDC) now recommends that [Americans stay "up to date" with COVID-19 vaccines](https://www.cdc.gov/media/releases/2022/s0511-covid-19-vaccines.html), rather than be "fully vaccinated." Up to date means a person has received all recommended COVID-19 vaccines, including any booster dose(s) when eligible. Fully vaccinated means a person has received their primary series of COVID-19 vaccines.

[Treatments for COVID-19](#)

Free treatments for COVID-19 are available. They can help prevent hospitalization and reduce your chance for severe disease.

Treatment is available for people who are at increased risk of severe disease*, test positive for COVID-19 and have any symptoms, even mild ones (such as runny nose or cough). The sooner you start treatment, the better.

- **Call your doctor right away** to learn about your treatment options, OR
- **Call (508) 213-1380** to speak with a Gothams representative. If you're eligible for COVID-19 treatment, they can schedule an infusion appointment for you at one of their 7 sites in Massachusetts. Gothams COVID-19 Self-Referral Treatment Line is open Monday–Saturday from 8 a.m. to 6 p.m.

* People who are at risk for severe disease include those who are older than 55 or have an underlying condition such as heart, lung, liver, kidney disease, diabetes or whose immune system is suppressed by illness or medication. For a complete list of conditions that may put you at higher risk see: [People with Certain Medical Conditions | CDC](https://www.cdc.gov/media/releases/2022/s0511-covid-19-vaccines.html)
